Luna

Merino & Silk (DK)

When silk and merino wool are combined, both are enhanced, and the result is a beautiful yarn that shimmers with light. This yarn is inspired by the precious gemstones of our land, including rubies, emeralds, and sapphires, as well as the semiprecious minerals that adorn our temples and shrines. As we created this yarn, our thoughts turned to sweeping shawls, dreamy cowls, and accessories that glow with iridescence.
